» Complete Sections I through VI of this form entirely and submit it to the appropriate plan. A medical necessity and level of care determination will not be able to be completed if supporting documentation is not submitted with the form. To ensure a determination is able to be made by the plan, the following documentation should be submitted with the form:

When an order is used in lieu of the certification, the order should include the level of care under which the member is certified for admission to the NF.

» If applicable, include documentation showing previous level of care determination (include date of last level of care determination) or prior level of function.
